

QUOTES IN MINUTES. PAID JOBS, LOCKED IN.

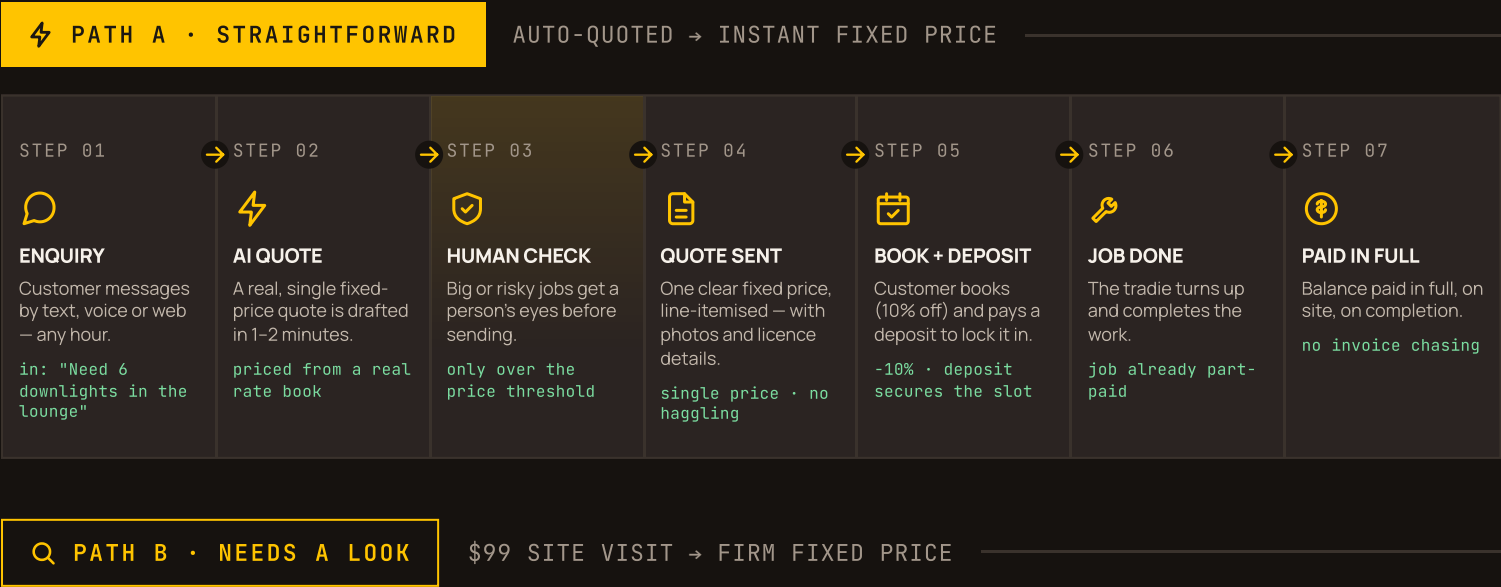

QuoteMax turns a customer enquiry into a detailed, single fixed-price quote in 1–2 minutes — day or night — then takes a deposit to lock the job. The tradie never sits down to write a quote, and only serious, part-paid jobs reach them.

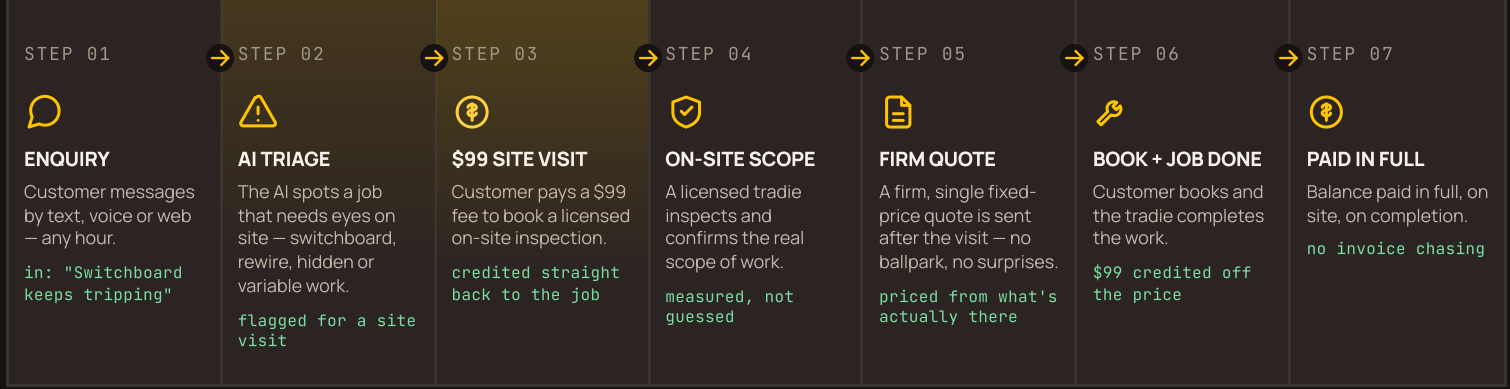

1–2 min QUOTE TURNAROUND A full quote while the lead is still hot.	24 / 7 ALWAYS QUOTING Replies at 9pm, weekends, public holidays.	\$99 SITE VISIT, CREDITED BACK The only fixed price on a tricky job — credited to the work.	\$0 TRADIE ADMIN TIME No nightly quoting after the tools go down.
---	---	--	--

THE JOURNEY

FROM "GOT A JOB" TO PAID IN FULL

Two simple paths. Most jobs get an instant, single fixed-price quote. The tricky ones book a \$99 site visit — credited straight back to the job — before a firm price. Either way, the customer does the asking and the paying; QuoteMax and the AI do the quoting.

THE FEATURES

EVERYTHING **WORKING** FOR THE TRADIE

Twelve things QuoteMax does — grouped by what they give you. Each one in plain English, with the reason it matters.

ALWAYS ON • INSTANT

Speed and availability win jobs. QuoteMax quotes the moment a lead lands — any hour — so enquiries never go cold waiting for a callback, and the tradie never quotes after hours.

03

REAL-TIME QUOTES
A real, priced quote in 1-2 minutes — not "we'll get back to you."
→ The first tradie to send a real quote usually wins the job.

11

24 / 7 QUOTING
Quotes go out around the clock — evenings, weekends, public holidays.
→ A 9pm lead gets a 9pm quote, not one next week.

06

NO ESTIMATING TIME
The tradie never sits down to write quotes — the AI drafts them.
→ Hours of nightly admin handed back to the tradie.

QUOTES THAT SELL

The quote itself does the selling: one clear price the customer can act on, a safety check before big numbers go out, and a process that only lets serious buyers through.

04 INFORMATION-RICH

Every quote is detailed: one clear fixed price, fully line-itemised.

→ A clear price with the detail behind it earns trust and books the job.

05 HUMAN IN THE LOOP

Over a price threshold, a person reviews and validates the quote before it's sent.

→ Small jobs auto-send; big or risky ones get checked first.

10 HIGH-INTENT BUYERS

People who pay a deposit are serious — far fewer time-wasters.

→ The deposit filters out tyre-kickers before they reach you.

MONEY, SORTED

Money is handled end-to-end — site-visit fees, deposits, the final payment and the processing fees — so the tradie keeps their full rate and just does the work.

07 DEPOSIT LOCKS THE JOB

A deposit is paid up front to lock the job in before any work starts.

→ Money down means committed, not just "thinking about it."

09 PAID SITE VISITS

If a visit is needed to scope the work, the customer pays a \$99 fee — credited back to the job.

→ Quoting visits stop being free labour.

08 PAID IN FULL ON SITE

The balance is paid in full, on site, when the job is finished.

→ No chasing invoices weeks later.

12 FEES ON TOP

Transaction fees are added on top of the price — the customer covers them.

→ The tradie keeps their full rate; fees aren't a cost to them.

01 10% BOOKING DISCOUNT

Book through QuoteMax and the customer gets 10% off.

→ Turns a "maybe" quote into a locked-in, paid booking.

02 BOOKING INTEGRATIONS

Confirmed bookings will flow straight into your existing calendar and job software.

→ No double-entry — accepted jobs land in the tools you already use.

COMING SOON

HOW THE CASH FLOWS

Up to three moments money changes hands — plus who pays the fees, and the discount that gets the "yes".

IF A VISIT IS NEEDED

\$99 SITE VISIT

Customer pays for the tradie to come and scope the job — credited back to the job.

TO ACCEPT THE QUOTE

DEPOSIT

Locks the job in. The customer is committed before work starts.

WORK HAPPENS

JOB COMPLETED

The tradie does the work, knowing the job is already paid into.

ON COMPLETION, ON SITE

PAID IN FULL

The balance is paid in full when the job is done.

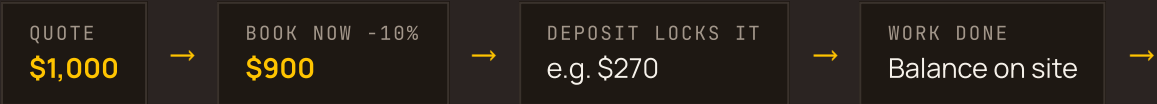

FEES ON TOP

Transaction fees are added on top of the price — the customer pays them, so the tradie keeps their full rate.

10% TO BOOK

Booking through QuoteMax gives the customer 10% off — turning a quote into a locked-in job.

ILLUSTRATIVE EXAMPLE

+ CARD FEE

paid by customer

Numbers are illustrative only — your real rate book, single fixed price and deposit rules apply.

TWO SIDES, ONE FLOW

WHAT EACH SIDE GETS

THE CUSTOMER GETS

- A real, detailed quote in minutes — not days.
- One clear, single fixed price — no haggling.
- 10% off for booking through QuoteMax.
- A locked-in slot the moment they pay the deposit.
- To pay the balance only when the job is done.

THE TRADIE GETS

- Zero time spent writing quotes.
- Only serious, part-paid jobs reaching them.
- Paid site visits instead of free quoting trips.
- Their full rate — fees are added on top for the customer.
- No after-hours admin and no invoice chasing.

WHY IT WORKS

LESS ADMIN, MORE WON WORK

WIN THE SPEED RACE

The first tradie to send a real quote usually wins.

QuoteMax replies in 1–2 minutes, 24/7 — before a competitor even sees the message.

GET YOUR EVENINGS BACK

No quoting after the tools are down. The AI handles estimates while the tradie is on the job or off the clock.

ONLY SERIOUS BUYERS

A paid deposit filters out the tyre-kickers. The jobs that reach the tradie are real, committed, and already part-paid.
